FACTS

Growth and Dividends

Listed on the London Stock Exchange, Polymetal International plc has a world-class portfolio of nine operating gold and silver mines and an impressive pipeline of future growth projects in Russia and Kazakhstan.

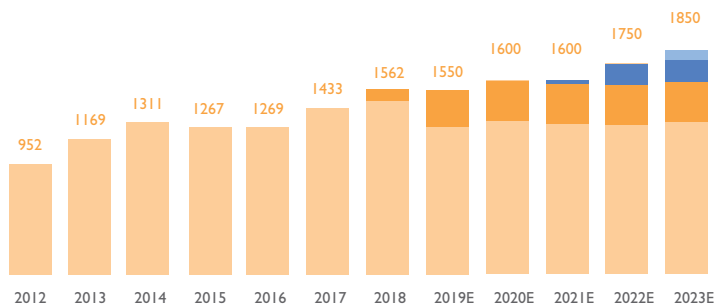

With a commitment to deliver **a superior dividend stream** to our shareholders, **we are driven to grow our business without diluting its quality** through the pursuit of high optionality M&A targets, brownfield exploration and the steady development of one of our key assets – Kyzyl.

Our key strengths include a strong operational track record, as well as one of the industry's highest reserve grades and dividend yields.

Our business model focuses on centralised processing facilities (hubs) to deliver significant capex and operating synergies, allowing us to reduce the risk profile of our portfolio and extend the life cycle of our projects. We are dedicated to upholding the highest standards of corporate governance and sustainable development.

This document includes forward-looking statements that involve known and unknown risks and uncertainties, many of which are beyond the Company's control and all of which are based on the directors' beliefs and expectations about future events. These forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions, predictions and other statements, which are other than statements of historical facts. The words "believe," "expect," "anticipate," "intends," "estimate," "forecast," "project," "will," "may," "should", "shall", "could", "risk", "aims", "plans", "predicts", "continues", "assumes", "positioned" and similar expressions or the negative thereof identify certain of the forward-looking statements. Forward-looking statements include statements regarding: strategies, outlook and growth prospects; future plans and potential for future growth; liquidity, capital resources and capital expenditures; growth in demand for products; economic outlook and industry trends; developments of markets; the impact of regulatory initiatives; and the strength of competitors. The forward-looking statements in this document are based upon various assumptions and predictions, many of which are based, in turn, upon further assumptions and predictions, including, without limitation, management's examination of historical operating trends, data contained in the Company's records and other data available from third parties. Although the Company believes that these assumptions were reasonable when made, these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond its control, and the Company may not achieve or accomplish these expectations, beliefs or projections.

Many factors could cause the actual results to differ materially from those contained in predictions or forward-looking statements of the Company, including, among others, general economic conditions, the competitive environment, risks associated with operating in Russia and Kazakhstan, rapid technological and market change in the industries in which the Company operates, as well as other risks specifically related to the Company and its operations. Past performance should not be taken as an indication or guarantee of future results, and no representation or warranty, express or implied, is made regarding future performance. Neither the Company, nor any of its agents, employees or advisors intend or have any duty or obligation to supplement, amend, update or revise any of the forward-looking statements contained in this document, to reflect any change in their expectations or any change in events, conditions or circumstances on which such statements are based. Nothing in this document constitutes an offer, invitation, recommendation to purchase, sell or subscribe for any securities in any jurisdiction or solicitation of any offer to purchase, sell or subscribe for any securities in any jurisdiction and neither the issue of the information nor anything contained herein shall form the basis of or be relied upon in connection with, or act as any inducement to enter into, any investment activity.

To the extent available, the industry, market and competitive position data contained in this document come from official or third party sources. Third party industry publications, studies and surveys generally state that the data contained therein have been obtained from sources believed to be reliable,

but that there is no guarantee of the accuracy or completeness of such data. While the Company believes that each of these publications, studies and surveys has been prepared by a reputable source, the Company has not independently verified the data contained therein. In addition, certain of the industry, market and competitive position data contained in this document come from the Company's own internal research and estimates based on the knowledge and experience of the Company's management in the market in which the Company operates. While the Company believes that such research and estimates are reasonable and reliable, they, and their underlying methodology and assumptions, have not been verified by any independent source for accuracy or completeness and are subject to change without notice. Accordingly, undue reliance should not be placed on any of the industry, market or competitive position data contained in this document. The information contained in this document has not been independently verified. Neither the Company, any of its affiliates, subsidiaries or subsidiary undertakings nor any of their respective advisors or representatives makes any representation or warranty, express or implied, and no reliance should be placed on the fairness, accuracy, completeness or correctness of the information or opinions contained in this document. Percentages and certain amounts included in this document have been rounded for ease of document. Accordingly figures shown as totals in certain tables may not be the precise sum of the figures that precede them. Neither the Company, or any of its affiliates, advisors or representatives accepts any liability whatsoever (in negligence or otherwise) for any loss howsoever arising from any information contained in the document.
